**Did You Know? ... Study warns of Air  
Fresheners and Air Purifiers**

Air freshener and ozone in a child's bedroom - Use of both air fresheners and ozone-generating devices simultaneously in a room could lead to exposures to formaldehyde that are 25 percent higher than California's guideline value. Because other sources of formaldehyde could also be present in the room, exposure to formaldehyde would probably be even higher!

**50 Great Sites to Help You Live Green**

Living Green is not just something people do, it's a way people live. Living Green is the understanding that Earth has a limited amount of resources and we only have one Earth, so we have to take care of it, keep it clean and protect the environment we live in. Otherwise there won't be much of a life for our children and their children. Here are 50 sites that will help you Live Green. If we all do a small part, it will add up very quick.

## 8 Ways to Go Green and Save on Your Taxes

Now that going green is in vogue, the government is getting in on the action by encouraging taxpayers to adopt energy-efficient practices for a reward. Recent legislation provides plenty of tax incentives to eco-friendly individuals and businesses, making right now a great time to save money by going green. Here are some ways to take advantage of federal tax credits (dollar-for-dollar tax reductions) and deductions (reduction in taxable income).
