**Wise Words**

Nothing in life is to  
be feared. It is only  
to be understood.

Dear Friend of Green Cleaning Products LLC,

We are only learning now how much a greener lifestyle, also means it is a healthier lifestyle.

Living a greener life is easier than we initially think, especially as we participate in more and more "green events" in the mainstream. (Have you been faced with the 3 trash can scenario at the convention center or airports trying to figure out where to put what is in your hand?)

*Thank you for all you are doing in living green.  
You are making a difference!*

[Tell me](#) your stories of where you have observed going green become mainstream.

**Is 'Natural' in Cleaning Products Always Good?**

In seeking the eco friendly solution to traditional cleaning products we tend to assume that if it is natural it is good. As a result many seek and use recipes that contain ingredients such as vinegar, baking soda, and borax. As an enhancement some will add their favorite essential oils to the mixture. Similarly businesses will seek to find green janitorial supplies for commercial applications that replicate these green natural home solutions. These are not always as healthy as we think.

## Cancers from Environment 'Grossly Underestimated'

Environmental carcinogens are responsible for a far greater number of cancers than previously believed -- a fact that suggests eradicating these environmental threats should be a priority.

## Solar Panel Leasing Can Save Homeowners Money Immediately

It didn't make sense, really, to spend 44 cents each month to mail Southern California Edison a check for 92 cents. So the Wyman's of Orange, Calif., decided to pre-pay their 2010 electric bill, sending the utility company a check for \$12.
