Wise Words

When one tugs at
a single thing in
nature, he finds it
attached to the
rest of the world.

John Muir

Dear Friend of Green Cleaning Products LLC,

There is so much we can do by doing little things. For instance, did you know if 100 million American households and business owners replaced just one incandescent bulb with a CFL bulb the energy they saved could be enough to power a city of 1.5 million people!

I hope you will participate in this week's Lights Out Lunch program with me. [Click here](#) to sign up now for your lunch discount. Share your experience with me.

At your service,
Rae Ann

Did You Know?

Toxic chemicals in household cleaners are three times more likely to cause cancer than air pollution? Did you know that more than 7 million accidental poisonings occur each year, with more than 75% involving children under age 6? Did you know that women who work at home have a 54% higher death rate from cancer than those who work away from home? A 15-year study presented at the Toronto Indoor Air Conference concluded it was a direct result of higher exposure rate to toxic chemicals in common household products.

Our Plastic Legacy Afloat

Light bulbs, bottle caps, toothbrushes, Popsicle sticks and tiny pieces of plastic, each the size of a grain of rice, inhabit a Pacific garbage patch, an area of widely dispersed trash that doubles in size every decade and is now believed to be roughly twice the size of Texas.

Lights Out Lunch THIS Friday

If 100 million American households and business owners replaced just one incandescent bulb with a CFL bulb the energy saved could be enough to power a city of 1.5 million people!

You can help our planet by participating in this week's event. Just turning off your lights for one hour could save 12.5% of the energy used in the workday!
